Property description

An elegant, detached stone house with 86.40 m² of living space is situated on a 3,441 m² plot in a natural and peaceful setting.

It was built with great attention to detail and traditional construction methods. Citrus trees grow on the plot, which not only provide a beautiful green picture, but also deliver a small yield and thus underline the natural character of the house.

The house extends over one comfortable level and comprises a cozy, functional kitchen, a comfortable living room with a wood-burning stove, a bedroom and a modern bathroom.

A second bathroom outside is particularly practical in the summer months or for guests. In addition, the property has a separate, enclosed parking space, which offers security and convenience.

Beautiful pergolas surround the house, creating shady and functional outdoor areas ideal for relaxing, dining or socializing.

The front area is dominated by a large pergola, which delimits a particularly well-kept outdoor seating area with a hot tub, creating a unique feel-good experience surrounded by nature.
