Property description

In one of the most beautiful and privileged residential areas of the wider region of Nafplio, in a location with panoramic and unobstructed views, an unfinished residential house on a plot of 4,150 m² is offered for sale.

The views are impressive and extend from the city of Nafplio over the Argolic Gulf to the region of Tolo and its beautiful beaches.

The building license includes the construction of a two-storey house with basement.

To date, the shell has been completed, while the first floor of approx. 200 m² and the basement of approx. 100 m² have already been finished.

The construction of the upper floor is still pending, which offers the future owner the opportunity to finish the property according to their own ideas and requirements.

The property is being sold in its current state, with one of its greatest advantages being the flexibility it offers.

The new owner is not obliged to adhere to the existing layout according to the plans, but can design the interior according to their own wishes and aesthetic ideas.

Once completed, the property can make an impressive main or vacation home, with unique features in an area where comparable offers are extremely limited. This is an excellent opportunity for anyone looking for a property with views, privacy and the opportunity to create their dream home in one of the most beautiful regions of Argolis.
